## RadioChick Takes Afternoons At WXRK

*Nov. 21, 2005*

By Bram Teitelman

Leslie "the RadioChick" Gold will take the afternoon drive show at Infinity's WXRK New York when it segues to talk as 92.3 Free FM in January. Gold had last been locally heard at Clear Channel classic rock WAXQ (Q104.3), but had most recently been broadcasting at Sirius, making her terrestrial-to-satellite-to-terrestrial jump unique.

She had also been heard at Infinity's WNEW New York during its incarnation as a talk station. Gold will begin on Tuesday, January 3, 2006 in the slot currently held by Booker. Outside of David Lee Roth and Penn Jillette, Gold is the first staff announcement the station has made.

Gold will be joined on her program by show producer Butchy Brennan and sidekick comedian Chuck Nice. Infinity will also stream her show online.

"Leslie is one of the most daring and innovative hosts on radio today," WXRK GM Tom Chiusano says. "And she has the distinctive ability to bond with her listeners as if she were their best female friend. In an industry so often dominated by male hosts, we are thrilled to welcome someone of Leslie's caliber to the station with her unique sense of humor and style."

"I am thrilled to return to Infinity Broadcasting for the exciting launch of their new Free FM format in New York," Gold says. "I've enjoyed every minute on and off the air at Sirius and look forward to bringing the Radiochick show back to terrestrial radio."
